

## Lean On Lyrics

Know you got pain  
Deal with it in your own

You'll go insane  
I wanna help move the load

Oh out your way  
But i can't make you

you've gotta want to  
So if you ever  
feel the need to

You can call me on a late ni-night  
You can take your time

Ya can always count on me  
If ever you don't feel alright

You cant see the light  
I'll be that somebody

Lean on me  
Know i'll be there to

Lean on me  
I'll be that somebody  
Just lean on me

Tere alawa i need nobody  
Lets take a walk

and leave the gaadi, Skrrrr  
Tu hi party meri, after party

Lean On Lyrics Continuous Below

Gonna lean on you  
'coz i need somebody  
Bae ayee

Life change huya jab se tu  
aayi lady mere range mein

Dil mein to pehle se basi thi  
ab damage diya tune mere brain pe  
Damage  
Kashti ko intezaar hai kinare ka,  
Pyaar karein

kyon soche hum ye zaalim zamane ka  
Public ko rehta intezaar  
har mahine mere gaane ka

Lean On Lyrics Continuous Below

Aur mere ko intezaar tha  
yahan tere sahare ka

You can call me on a late ni-night  
You can take your time

Ya can always count on me  
If ever you don't feel alright

You cant see the light  
I'll be that somebody

Lean on me  
Know i'll be there to  
Lean on me  
I'll be that somebody  
Just lean on me

No more bad days  
now i got my fan base

You're the one  
who made me smile on my sad days  
I'ma lean on you, i'ma lean on you

Doesn't matter wherever i be  
All you gotta do is lean on me  
When it gets too much just shout for me  
Shout for me

You can call me on a late ni-night  
You can take your time

Ya can always lean on me

If ever you don't feel alright

You can't see the light  
I'll be that somebody

Lean on me  
Know i'll be there to  
Lean on me

I'll be that somebody  
Just lean on me

Bahot Hard!
